**LETTER TO PARENTS REGARDING REQUIRED DENTAL EXAMINATIONS**

The Pennsylvania School Health Law requires dental examinations for students entering K, ELS, 3, and 7, as well as Educational Support classrooms. These grades were selected because they represent critical periods of growth and development.

These examinations can be done by your family dentist since he/she can best evaluate your child's dental health and assist you in receiving any necessary treatment. School dental health evaluations will be provided for students who do not furnish written proof of a recent private dental examination.

Please have the following form completed by your dentist and returned to school by the first week of school in **September**. **If this form is not returned, your child will be required to have a school dental health evaluation sometime during the coming school year.** No action is necessary if you want your child to have a school dental health evaluation.

SCHOOL DENTAL HYGIENIST,  
Health Services, Pittsburgh Public Schools

**FAMILY DENTIST REPORT  
FOR STUDENTS IN GRADES K, ELS, 3, 7, OR EDUCATIONAL SUPPORT CLASSROOMS**
